Dear Member

KAA Policies and Procedures manual

Following the last Operations meeting changes to some of the paragraphs were discussed and are proposed.

The changes are due to other items we have been working on and are required to remove restrictions enabling these changes to be enacted.

Following the consultation last year on where the Lonbow Champion should be awarded, section 301 needs to be changed from Championship to Tournament. This leads to section 309 changing the title of the Tournament.

Changes to section 403 are being proposed as we are currently undertaking a review of the records held and some of the proposals are on the WA Tournament format and this will allow for changes in the future to be made as WA change.

The Team selection panel is being expanded by one member to allow for flexibility in the panel.

The current Manual can be found at <http://www.archerykent.org.uk/downloads/official/index.aspx> for reference.

Please take time to read through the consultation paper and return your comments to either of the email addresses below, the consultation will run for a period of 12 weeks and will close on the 17th April 2016.

Following this date all received comments will be reviewed and the sections will either be put to the next KAA meeting for ratification or be subject to a further consultation.
